

How to order a Recognition Award

Commemorative and Replacement Emmy® | Production Plaques | Nomination Plaques

Production Items: Since the names were not listed on the entry we will need to verify all names and roles with the entrant to confirm the purchaser significantly contributed to the award-worthiness of the entry. Orders will not be processed until we receive confirmation.

Commemorative Emmys®: Stations, studios and production companies may order a Commemorative Emmy® statuette for public display at their place of business (up to a maximum of three per winning entry). Only the **original Emmy® recipient name** is eligible to be engraved. No changes can be made to the engraved text except adding the word *Commemorative*.

Replacement Emmys®: All pieces of the statuette must be returned to the NATAS-NCCB Emmy® office before placing order.

Instructions

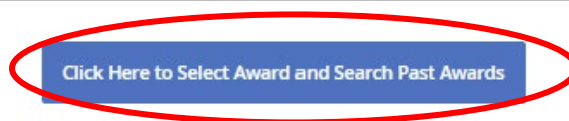

All engraving text submitted will be reviewed against our records for accuracy before processing.
